

I always knew about Hillandale Park from commuting back-and-forth on route 140 for many years. Then a friend of mine moved into the park and visiting him on many occasions I enjoyed it very much. The neighbors are friendly and his home was just perfect for him and there's plenty of space between the homes. The park has shade from the trees, and there's a pretty pond. A good opportunity came up for me. A lot opened at the entrance of Park. I love my new mobile home and I've enjoyed every moment since moving in.

My family has lived in Hillandale Homes for the past five years, and it has truly been a wonderful place to call home. Nestled in Finksburg, MD, the neighborhood is quiet, calm, and incredibly serene — the kind of place where you can step outside and immediately feel at ease. It's a perfect setting for families, with a warm community feel and plenty of peaceful spaces to enjoy.

One of the things we appreciate most is how Hillandale Homes offers the best of both worlds: a tranquil, family-friendly environment while still being conveniently accessible to major cities. It's a community that blends comfort, convenience, and a genuine sense of belonging. We're grateful to live here.

We bought our home in Hillandale back in 1994. Best decision we ever made! The neighborhood is quiet, and the views are wonderful. Because there are no thorough roads, there is minimal traffic. Hillandale is in an area of Carroll County that is not overly commercial. We have been happy here for 31 years and have no plans to leave.

Having lived in Hillandale for 23 years I can tell you it's a very pleasant neighborhood to live in. We have met lots of neighbors who are there to help when needed. It's quiet and peaceful. Have a beautiful view watching the deer on the field in the evening. Everyone maintains their property well. The trees by the road are maintained by Hillandale, the water checked regularly and the roads are plowed as quickly as possible. We are close to a grocery store and a few nice restaurants. Only minutes from Westminster, which has lots of stores and activities. I enjoyed my years here.

My name is Sue. I've been here 24 years, and I love it here. It is peaceful. The neighbors look out for one another you get to see deer and a lot of animals is very nature oriented. I love it. I'm so thankful. I praise God every day every day and many times a day, God has blessed me with this wonderful park.

My wife and I are both handicapped and enjoy how quiet and peaceful it is here at Hillandale. Once the residents get to know you (either by sight or conversation) everyone starts to look out for each other. My son-in-law told us how peaceful it is here. Homes don't stay on the market long.

Melisa 17 years. It's a wonderful and quiet neighborhood. Beautiful scenery, but close enough to everything you could need and want within a few miles. Management addresses concerns quickly and is readily available when needed. It's a wonderful place where we raised our family.

I've lived in Hillandale Homes for almost eighteen years. I live next to the woods I can sit on my porch and watch the birds, rabbits, and deer, which is very peaceful for me. The neighbors are quiet and friendly as they walk their dogs. The management is great and do their best.
